## PROFILE

I am a Web Developer with over 3 years of experience. I specialize in front-end solutions, providing guidance on UI and UX solutions for clients, and translating designs into maintainable custom applications. I have recently been strengthening my client relation skills, devops, and back-end through running my sole proprietorship.

## SKILLS

JavaScript, Vue.js, Alpine, React, PHP, Laravel, Filament, Git, Docker, CSS, Tailwind, Sass, HTML, Twig, Blade, Antlers, MySQL, SQLite, Craft CMS, MODX, Prismic, WordPress, Statamic, Wix, Figma, MS Office Suite, Linear, Asana, Jira, Trello, Function Point

## EDUCATION

### BrainStation

#### Web Development Bootcamp

OCT 2021 - JAN 2022

### UBC, International Relations

SEPT 2016 - APRIL 2020

## EXPERIENCE

### Full Stack Web Developer | Sole proprietorship

OCT 2022 - FEB 2024 & OCT 2024 - PRESENT, VICTORIA, CA

- Maintain and improve upon legacy codebases
- Clearly communicate complex technical problems and features to clients

### Web Developer | GoodWeb

FEB 2024 - OCT 2024, VANCOUVER, CA

- Developed user interfaces and back-end solutions for custom startup applications, and maintained previous client sites
- Worked on projects based in Laravel, Alpine.js, Tailwind, Filament, twig, and blade.php

### Front-End Web Developer | PS&Co Brand Studio

FEB 2022 - FEB 2024, VANCOUVER, CA

- Built and maintained client websites using Agile methodologies, including Scrum and Kanban
- Reviewed and provided feedback on colleagues' pull requests through Github

## PROJECTS

### Full Stack Developer | [PARC Retirement Living](https://parcliving.ca/)

Q2, 2024 -, <https://parcliving.ca/>

- Brought legacy WordPress multisite up to modern coding standards, and brought the nine theme setup down to one

### Front-End Developer | [Avigilon Rebuild](https://www.avigilon.com/)

Q1, 2023 - <https://www.avigilon.com/>

- An enterprise scale replatform and redesign of Avigilon, moving to Craft CMS, Tailwind, Twig, and Alpine.js
- Collaborated across cross-functional teams as the main point of knowledge for translating the legacy code into modern components

### Front-End Developer | [Vancouver Convention Centre Rebuild](https://www.vancouverconventioncentre.com/)

MAR - JUNE, 2022 - <https://www.vancouverconventioncentre.com/>

- Responsible for segmenting the UI into repeatable components to provide the non-technical audience with a reliable page builder
- Replatformed the site using Statamic CMS, Antlers HTML, Vue.js, Laravel, and Tailwind
